

# ArcGIS 10

## Simplify your GIS workflows

ArcGIS 10 transforms the way people use GIS. Be more productive with your work and take advantage of GIS everywhere: via individual local desktops, across desktops and browsers leveraging central servers, and in the cloud.

## Features

- Increased Productivity
- Powerful Spatial Analysis
- Improved Access to Imagery
- New Ways to Share
- Cloud GIS
- Expanded GIS in the Field
- More Flexible Deployment
- Better for Developers

## ArcGIS 10 is now available
